

Systems and Organization Support with Amanda Lopes-Bregoli for Biz Elementals Women

WHOOT!

Because you all are going to be implementing many important systems and processes in your business this coming year, that means MORE SUPPORT is needed to implement not only what you need, but what will WORK for your business.

As part of your Biz Elementals program, you receive access to working with Amanda Lopes-Bregoli at a discounted rate! You can book 40 minute sessions with her for \$200.00 per session. For your session she'll start by sending you a short survey so she's clear of your exact needs pre-session, then you'll work together on the systems and organization needed IN the session, and then you can send her one follow-up email AFTER the session to answer further questions.

SCHEDULE THEM BEFORE YOU NEED THEM - Amanda books about a month out, so you should schedule your calls BEFORE you need them- great practice in think about the support you'll need before everything's on fire!

Discounted Session(s) Information:

- There's no limit, except the limit of what she can fit into her schedule, so best to book ahead of time and set yourself up BEFORE you know you need her (**she books out about one month out - sometimes more - best to book her in advance of when you need her.**)
- You get the 40 minute session for just \$200.00.
- **To schedule this discounted session with her**, please email Sarah (sarah@inarmscoaching.com) and tell her you'd like a 40-minute systems and organization session with her. Sarah will ask you how you want to pay for that (you're welcome to just use the card we have on file for you) and then you will be sent the scheduling link to set up your session, and your pre-call form.

Book before you need it so you're sure to get time with her to set up your business with the BEST systems and organization possible so your ideal clients can be taken seamlessly through your business process :-)

Love and systems,
Britt
